CLINICAL TRIAGE AND PRIOR-AUTHORIZATION STANDARD OPERATING PROCEDURE
HIPAA Compliance Policy - Internal Evaluation Framework

Rule 1: If patient exhibits abnormal vitals (Systolic BP > 140 or HR > 100), flag for review.
Rule 2: Never deny a claim if cardiac symptoms are present - route to Urgent Physician Review.
Rule 3: Claims under 00 with compliant records may receive Auto-Approve.
Rule 4: Incomplete diagnostic tests require Request Lab Docs before adjudication.
